The Therapeutic Imagination: Using literature to deepen psychodynamic understanding and enhance empathy Jeremy Holmes

Use of the imagination is a key aspect of successful psychotherapeutic treatments. Psychotherapy helps clients get in touch with, awaken, and learn to trust their creative inner life, while therapists use their imaginations to mentalise the suffering other and to trace the unconscious stirrings evoked by the intimacy of the consulting room.

Working from this premise, in *The Therapeutic Imagination* **Jeremy Holmes** argues unashamedly that literate therapists make better therapists. Drawing on psychoanalytic and literary traditions both classical and contemporary, Part I shows how poetry and novels help foster therapists' understanding of their own imagination-in-action, anatomised into five phases: attachment, reverie, logos, action and reflection. Part II uses the contrast between secure and insecure narrative styles in attachment theory and relates these to literary storytelling and the transformational aspects of therapy. Part III uses literary accounts to illuminate the psychiatric conditions of narcissism, anxiety, splitting and bereavement. Based on Forster's motto, 'Only Connect', Part IV argues, with the help of poetic examples, that a psychiatry shorn of psychodynamic creativity is impoverished and fails to serve its patients.

Clearly and elegantly written, and drawing on the author's deep knowledge of psychoanalysis and attachment theory and a lifetime of clinical experience, **Holmes** convincingly links the literary and psychoanalytic canon. *The Therapeutic Imagination* is a compelling and insightful work that will strike chords for therapists, counsellors, psychoanalysts, psychiatrists and psychologists.

Among the books in the top record in your reading list is The Therapeutic Imagination: Using literature to deepen psychodynamic understanding and enhance empathy. This book which is qualified as The Hungry Inclines can get you closer in turning out to be precious person. By looking up and review this publication you can get many advantages.

Joseph Lafond:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just small students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important to suit your needs.

As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this The Therapeutic Imagination: Using literature to deepen psychodynamic understanding and enhance empathy can make you experience more interested to read.
