## **How Big Were Dinosaurs?** Lita Judge

Have you ever wondered what it would be like to take a Velociraptor for a walk, or try to brush a Tyrannosaur's teeth? We think of dinosaurs as colossal giants, but how big were they REALLY? With kid-friendly text and seriously silly illustrations, this fact-filled book puts dinosaurs next to modern animals so that you can see exactly how they size up. And a huge fold-out chart compares the dinos to each other, from the tiniest Microraptor to Argentinosaurus, the largest animal to ever walk the land. An NPR Best Book of 2013
