Jennifer Government Max Barry

Taxation has been abolished, the government has been privatized, and employees take the surname of the company they work for. It's a brave new corporate world, but you don't want to be caught without a platinum credit card--as lowly Merchandising Officer Hack Nike is about to find out. Trapped into building street cred for a new line of \$2500 sneakers by shooting customers, Hack attracts the barcode-tattooed eye of the legendary Jennifer Government. A stressed-out single mom, corporate watchdog, and government agent who has to rustle up funding before she's allowed to fight crime, Jennifer Government is holding a closing down sale--and everything must go.

A wickedly satirical and outrageous thriller about globalization and marketing hype, **Jennifer Government** is the best novel in the world ever.
