Nebula Awards Showcase 2001: The Year's Best SF and Fantasy Chosen by the Science Fiction and Fantasy Writers of America

Nebula Awards Showcase 2001: The Year's Best SF and Fantasy Chosen by the Science Fiction and Fantasy Writers of America

Edited by the widely acclaimed SF author Robert Silverberg, the Nebula Awards series is "the pulse of modern science fiction" (The New York Times Book Review)

The Nebula Awards are the Academy Awards of science fiction, the finest works each year in the genre as voted by the members of SFWA, the Science Fiction and Fantasy Writers of America.

The Nebula Awards anthology series has now reached its thirty-fifth year. This edition contains the complete award-winning texts by Ted Chiang, Mary A. Turzillo, Leslie What, and Octavia E. Butler (an excerpt from her novel *The Parable of the Talents*); a report on the field ("still inarguably dynamic") by Gary K. Wolfe; runner-up stories by David Marusek and Michael Swanwick; an early story by 2000 Grand Master Brian W. Aldiss; and 2000 Author Emeritus Daniel Keyes's account of how he wrote *Flowers for Algernon*.

In his introduction, editor Robert Silverberg looks back wryly at Damon Knight, the beginnings of SFWA, and the first Nebula banquets.
