The Day the Apple Bopped Darby on the Head: How Isaac learns about gravity (Isaac and Darby)

David B. Murphy

The Day the Apple Bopped Darby on the head is an educational book about the principles of gravity. Isaac is a bright young fellow who has a mentor, Darby, who is one of the girls that knows a lot, and knows how to present complex situations in a way that can be understood. This book can be appreciated by children who demonstrate a curiosity about what makes things happen. The presentation is intended to be easy going and provide a parent a way to see if that curiosity has developed, is on the verge, or not yet. This is the first of a series of educational book that are written for the eBook and paperback format.
