Key to the Airways Ken Albertsen

With nine updated editions since 1996, this popular booklet has saved lots of people lots of money on airfares. Although many travel companies claim to have the lowest international airfares, it is doubtful that they can beat a \$50 roundtrip ticket from San Francisco to Singapore - an actual courier airfare that was accessed from one of the direct contact phone numbers in "Key to the Airways" directory guide. Whereas courier flights are subject to some limitations regarding departure and arrival cities, consolidator flights fly to and from nearly every airport in the world. Although their airfares are not quite as cheap as courier flights, the trade-off is that their routes and scheduling have more options. The "Key to the Airways" directory has direct contacts for hundreds of courier and consolidator companies, which enables the user to directly access the absolute lowest airfares.
