## **Sonia Gandhi: Trails of Triumph** P. Sood

This book depicts her journey from the warm lanes of Italy to becoming the daughter-in-law of the first family of India (Nehru-Gandhi) and her emergence as a powerful figure in the Indian polity and one of the most influential persons on the Globe. Unlike the conventional biographies that take the shape of history, this book charts the metamorphosis of the shy Sonia into a charismatic leader of the United Progressive Alliance (UPA) coalition at the Centre. It is rather an evolution of the mind and the personality. The book takes stock of the various factors that led to the 'making' of Sonia Gandhi. It includes the young lady's fairy-tale marriage to the charismatic Rajiv Gandhi, her relationship with her in-laws; the tragedy which she had to bear in the tragic killing of Rajiv Gandhi, the party's subsequent search for a leader that ultimately made PV Narasimha Rao the Prime Minister and the various pulls and pressures of intra-party dynamics that orchestrated the crumbling of the Congress giant. Much to her chagrin, the political and social milieu of India persuaded Sonia Gandhi to enter politics. The call of duty to keep the Congress strong and the country united prevailed over Sonia and she took the plunge. Her elaborate efforts to revive the battered Congress and bring it back to power and her humble no to the post of the Prime Minister of India, when it was hers as a matter of right, has been well documented in the various chapters. The book also covers the initial exultation in the Congress office when Sonia took charge, her attempts to alter the party system according to her vision, the stinging defeat in 1999 elections and the gradual rise of Congress to political heights. The book is up-to-date, and includes the leadership role played by Congress after the recent terror attacks in Mumbai, and the thumping win that Congress secured for itself in the recent Assembly Elections in six states including the most free and fair polls in Jammu and Kashmir.
