With a huge family history Savanna and Colton are the last remaining people in their families that have gotten sucked into a curse that won't let up until someone finally ends it. It just so happens that Savanna is the one to do it. Only she doesn't know how. Luckily she has a helping hand but when it all goes down she finds he does too.

Quinton is finally whole. After completing the bond with Savanna he can finally breathe knowing he has finally found the one for him. Only things on the island get worse before they get better, and after she breaks the curse he has to save her from her ex-boyfriend who isn't satisfied to finally be free. All the hate has built up and driven him insane. He still wants Savanna, but Quinton won't have that. She's his and he won't stop until she is safe and off of the Island.

Will they make it off the island before it's too late or will the evil within Colton destroy them all?
