Nicola Sassi

CONTRODIZIONARIO DELLA SALUTE (Italian Edition) Nicola Sassi

Oggi alcune persone diventano ricchissime vendendo cibi dannosi alla salute anche perché molte nozioni comuni che sono trasmesse sul cibo, la salute e la malattia sono sbagliate. Forse si muore di più per quello che si mangia, che non per il fumo, l'inquinamento, gli incidenti o per altre cause. L'intero sistema (governo, scienza, medicina, industria e media) promuove il profitto a danno della salute, la confusione a danno della chiarezza. Spesso gli scienziati non sono onesti ricercatori della verità come molti credono ma, sedotti dal denaro e dal potere, proteggono gli interessi personali a danno del bene comune. Le più prestigiose riviste scientifiche sono in realtà veicoli di marketing per le case farmaceutiche ed i medici spesso non hanno alcuna formazione sulla influenza dell'alimentazione, della psiche e dello stile di vita sulla salute. In queste condizioni ho creduto nell'utilità di questo libretto che raccoglie i risultati delle ultime indipendenti, serie ricerche scientifiche evidenziando menzogne e omissioni dei mass media. Se sei aperto ma non riponi cieca fiducia negli altri questo opuscolo, offrendoti interessanti spunti di riflessione, molto probabilmente ti piacerà.
