As a university student, I exactly feel bored with reading. If their teacher expected them to go to the library or even make a summary for some e-book, they are complained. Just very little students that have reading's internal or real interest. They just do what the instructor wants, like asked to go to the library. They go to the library but nothing is read seriously. Any students feel that studying is not important, boring in addition to can't see colorful images on there. Yeah, it is to get complicated. Books are very important for you.
