If you are someone who prays to receive the things you need, then you know how frustrating it can be if you fail to have your prayers answered.

The more times prayer fails to come to fruition the easier it becomes to give up on the idea of praying. Yet, Jesus Christ said, "When you pray...." That means He expects us to do that. The good news is His statement implies when you pray, your prayers will be answered. But we know that isn't always the case for most people.

For those folks whose prayers are always answered, it raises a question. What do they seem to know that the rest of the praying world does not?

Apparently they are doing something different. Actually they are. And I doubt even they know what it is they are doing that causes their prayers to get answered more than most pray-ers.

I'm sure if they were asked why their praying seems to be more successful, they would give you an answer of some sort. However, it will not be the answer I share in this book. I can state this confidently because if they knew the answer, they would have shared the information by now. And I haven't seen another book about this revelation. But I can almost guarantee that their prayers included the elements of this pattern I show you.

When the pattern is followed it is almost impossible to not have your prayers answered. Since learning this I have not had an unmet need in many years.

I've dissected five scriptural prayers so you may see the pattern in them. All those prayers were answered.

When you pray according to the Lord's pattern you will enjoy more answers than before. If by chance your prayer is not answered, you can look at the same pattern to determine why not.

So hop off the hit-or-miss prayer wagon. Start praying the way that gives your prayers a greater chance for being answered.
