The Difference Engine

William Gibson

The Difference Engine William Gibson

1855: The Industrial Revolution is in full and inexorable swing, powered by steam-driven cybernetic Engines. Charles Babbage perfects his Analytical Engine and the computer age arrives a century ahead of its time. And three extraordinary characters race toward a rendezvous with history—and the future:

Sybil Gerard—a fallen woman, politician’s tart, daughter of a Luddite agitator

Edward “Leviathan” Mallory—explorer and paleontologist

Laurence Oliphant—diplomat, mystic, and spy.

Their adventure begins with the discovery of a box of punched Engine cards of unknown origin and purpose. Cards someone wants badly enough to kill for....

Part detective story, part historical thriller, *The Difference Engine* is the collaborative masterpiece by two of the most acclaimed science fiction authors writing today. Provocative, compelling, intensely imagined, it is a startling extension of Gibson’s and Sterling’s unique visions—and the beginning of movement we know today as “steampunk!”

From the Paperback edition.
