An advanced laboratory guide for the study of neuroanatomy using the sheep brain as dissection material. Clear B/W labelled photographs of the brain: dorsal, ventral, lateral, and sagittal views; serial cross sections, and horizontal sections, and dissections showing major structures and fiber tracts. Appendices provide additional material. Appendix I contains labelled photographs of common laboratory animals: Rat, Cat, and Rhesus monkey. Appendix II contains photomicrographs, with accompanying text, of selected parts of the nervous system and of sense organs. Appendix III contains a series of schematic diagrams, with accompanying text, illustrating important brain circuits.
