Harnessing the Magic of the Universe Joss Conlon

There is magic at work each day creating everything we see around us. *What would you do with the power to take control of this magic and bend it to your will?*

"**Harnessing**" is the first title in the "**Magic of the Universe**" series. This short guidebook will introduce you to Universal Magic--what it is, what it does and how it works in your life whether you know it or not. What's more, it gives you step-by-step instructions for how to make the Magic work *exactly as you demand!*

Author and Master Practitioner Joss Conlon shows you how to utilize the power of manifestation, taking control of Universal Magic to help you find happiness, create wealth, and make the life of your dreams a reality. The Conlon method is so simple!

- It requires no religious practices
- It requires no special training
- There is no new-age silliness *or* old-school ritual involved
- There are no complicated spells to memorize
- There is no need for rare ingredients (not a single newt will lose an eye!) or arcane knowledge

Universal Magic is easy to learn and master, takes only minutes to execute, and applies with equal success to everyone who follows the process described and the principles behind it.

After reading this short text you will be on your way to living the life you've always wanted and making the world work exactly as you demand. For the price of half a cup of coffee you can have your own personal genie, your own ring of power, your own wizard's wand!

You think that Magic is for "other people". You think it's for *special* people, as if you are not capable of creating Magic or entitled to do so.

You're wrong.

You've been doing magic your entire life; you just haven't realized it. You've been creating everything you see around you, good and bad, and you're very good at it; you just haven't come to understand that *you're in charge of the whole process.*

You have the the power to take control of the Magic of creation and bend it to your will.

This book series will show you how.

**You've been using Universal Magic your whole life.
Isn't it time you learned how to take complete
charge of it and make it work for you?**
