There Is Too Much Sickness in the World. God has provided everyone with many natural ways and means to heal ourselves. One of them is the seemingly unpopular and unscientific system of urine therapy. Believing that there is a free, natural medicine that can heal most ailments sounds totally ludicrous. Particularly if you add the fact that it has been around for thousands of years and works both externally and internally. Most people are understandably incredulous to learn that their kidneys can simultaneously produce a prognosis and a corresponding remedy for any sickness the body may have. Drink Your Own Water brings a whole new meaning to the term "Free Health Care." The list of diseases for which it has been effective is long enough to consider it a miracle remedy. In this book, you will learn: • The toxic effects of chemicals • The implications of nuclear radiation • The nutritional problems caused by our diet • The hazards of medical mistakes • The kidney's advance system for healing • The remarkable ingredients in urine • Testimonies and history of urine therapy • Why urine is the ideal tonic for the restoration of health • Practical ways to utilize this personal remedy
