The Great Household in Late Medieval England C. M. Woolgar

Based on household accounts, and other related documents, Woolgar sheds light on life in some of the great English medieval houses (1200-1500). He examines routines, weekly and annual patterns of activities, observances of births, childhood, marriages, death and burial; from the mundane and routine (preparation and serving of meals, servant duties, furnishings, hygiene) to entertainment, travel, religious and intellectual life. A comprehensive, illustrated survey of life in a medieval house.
