Aileen Miroki can only stay on Earth for a short time before she must take her ship, The Titan Cadet, back into outer space in order to outrun the Intergalactic Armada. On her last mission, one of her crew members and lovers stole something valuable from the planet Woes Èan. However, since Aileen was the leader of the mission, all of the blame for the theft fell on her.

On her way to the hidden forest planet of Îlvis, Aileen finds a small creature that she must save from a vicious, dinosaur-like beast. Soon, Aileen learns that she is the one who needs saving, and realizes that her savior is a woman named Torena, a telekinetic and beautiful blue native of Îlvis.

When Torena passes out after defeating the beast, Aileen takes her back to The Titan Cadet. After they fall in love with each other, the Intergalactic Armada finds Aileen's ship, and Aileen must take Torena away from her home planet in order to save both of their lives.
