The Half Sisters Geraldine Jewsbury

Considered by the author to be her best book, *The Half Sisters* tells the story of two young women and the challenges they face in Victorian England. One, the wife to a less than loving man finds herself in an unloving relationship. The other, an Italian singer in England, finds how hard it was to find public success in a time where women were considered second class citizens.

Bristling with the wit that she shared with her contemporaries, Geraldine Jewsbury's tale of social restraints is a great insight into 19th century England, women, and life in general.

This edition has been optimized for Kindle with a table of contents.
