**The Heart of Learning (New Consciousness Reader)** Steven Glazer

**The Heart of Learning** asks teachers and students to recommit themselves to what they love most in education. The renown contributors outline a map for enabling us to connect with the very reasons why we teach and learn thus to achieve greater fulfillment in both. Incisive essays by **Parker Palmer**, **Rachel Naomi Remen**, and the Tibetan lama **Dozchen Ponlop Rinpoche** examine how our unique, individual experiences of the sacred can profoundly enrich how we learn and teach. Writings by **bell hooks** and the **Dalai Lama** show how we simultaneously can cultivate both individual beliefs and openness to the diversity of the contemporary classroom. Works by **Huston Smith** and **Rabbi Zalman Schachter-Shalomi** explore our need to balance our past histories and traditions with the needs of present and future generations. This extraordinary collection of original work provides a unified, inspiring, and immensely practical new paradigm for how teaching and learning can mean more, accomplish more, and inspire the best in each of us. This book is a must for every teacher, student, parent, and anyone who loves to learn.
