Skin and Bones: The Ever Chace Chronicles, Book One Susan Harris

Teens are turning up dead, and it will take a special team to catch a killer.

Derek Doyle has been a member of the Paranormal Investigations Team since the monsters revealed themselves to the world. Considering that he thinks a monster is needed to catch a monster, he's definitely in the right place. As a lone wolf not used to letting many people in, neither man nor beast was prepared for the effect consultant Dr. Ever Chace has on them.

Growing up human in a world of supernatural creatures, Dr. Ever Chace has always felt a need to be special, to stand out. When asked to consult on a case where teens are being brutalized, she relishes the chance to make a difference and help stop a monster. But working alongside a wolf who she's so drawn to could be the beginning of something Ever might never have envisioned.

Fate and Destiny have a funny way of creeping up on you when you least expect it. With a murderer on the loose, Ever and Derek will have to put their attraction to one another aside while the hunt continues.

Easier said than done... right?
