## The Transition to Socialism in China (Routledge Revivals)

Originally published in 1982, six years after Mao's death, this study assesses the changes that have been made in policy and theory in post-Mao China with a look back at issues associated with the formation of the People's Republic of China in 1949 and the decades following. The papers in this volume address the fundamental problems of China's Socialist development and reassess previous perspectives and theories of Chinese politics. This title will be of interest to students of Asian Studies, History and Politics.
