Laura takes her fellow fabric artist through the techniques to lift details of the applique off the surface of the fabric, giving the embroidery depth and texture. The 8 techniques can be applied to any appropriate machine embroidery applique. However, a CDROM of 23 designs, included with the book, provides machine embroidery files for 12 on the most popular sewing machine formats. With these designs, all 5 projects detailed in the book can be accomplished. Add fabric, thread and a little personal imagination and the potential could be limitless.
