## **After The Hurricane** Brandy Echols

At the tender age of ten, Redd was forced to deal with the heartbreaking death of her mother. Ever since then, she's been fighting to overcome that tragic loss. After trying her hardest to weather the storm, she suffers a mental breakdown and turns to drugs in an attempt to numb her pain. Although the drugs seem to keep her at ease, she knows that her secret could possibly destroy her family. For the sake of her loved ones, Redd makes the wise decision to neglect the drugs, before becoming addicted to the bad habit. As time passes, she tries to put her past behind her and focus on her longtime passion for modeling. Things seem to be going well, and her love life even heats up, when her agent introduces her to the very handsome, Odell Moss. Odell presents Redd with an opportunity to become the face of an exotic company called, The X Factory. Redd is hesitant at first, but as she spends more time with Odell, she realizes that she wants to be close to him at all cost. The passion quickly rises between the two of them, and Redd feels as if she is ready to give Odell her heart... but there's only one problem. She's secretly been crushing on her brother's close friend, Keyon Knoxx. Keyon is a highly respected drug lord, and he also has his eyes on Redd, but they both know better than to cross that line. But when an unexpected tragedy strikes, Redd is in need of Keyon's help, and he doesn't hesitate to come to her rescue. As the man in her life, Odell doesn't appreciate the fact that Redd turned to Keyon in such a troubling time in her life. He wants Redd to himself, so he steps up to the plate to make sure that everyone, including Keyon, understands that she belongs to him. But when his ex-lover, Dahci, returns, things quickly take a turn for the worst. Dahci is not ready to let go of Odell and is willing to make Redd's life a living hell until she gets what she wants. She's the queen of playing dirty, so there is no doubt in her mind that she can force Redd out of Odell's life. She walks around with an innocent smile, disguising the shiesty bitch that she truly is on the inside. Redd suffers an extreme case of paranoia when she realizes that somebody is after her. She starts to fold under pressure, while fighting the urge to dive back into her deadly drug habit. But when she's put in a life or death situation, will she remain strong enough to pull through? Or will she come out with blood on her hands? Find out for yourself as you engage in this massacre of a love affair.
